

# BLANKET DRIVE

OLIEVENHOUTBOSCH JUNIOR SCHOOL - JULY 2021

We were happy to have our blanket collection this year, last year we missed out with the onset of the Pandemic. Thank you to those employees who contributed, one person was particularly generous, and the total collected was 44.

The company added additional blankets to make up the numbers, so we were able to deliver 100 blankets to the 100 children that attend the Olievenhoutbosch Junior school and to give 8 blankets to the teachers. This school relies on donations and receives no funding from the Government.

Delivery was made on 1st July, during the third wave of the Pandemic here, but as it was mid-winter, we went ahead limiting the delivery numbers of staff to Maritza and I.

The blankets were handed out after we left together with a cup of hot chocolate for each child. This initiative brings warmth and comfort to the children, but the rewards of giving are very warming too.

Thank you all and let's give generously towards our Mandela collection which is going to the 53 families supported by SCARC. That is the canoe club in Soweto that we support with sponsorships
